SUMMARY

Software Engineer with hands-on experience building full-stack web applications using TypeScript, React, Node.js, Express.js, PostgreSQL (Prisma), and MongoDB. Experienced developing REST APIs, implementing authentication, documenting APIs with Swagger/OpenAPI, and writing unit and integration tests. Passionate about building scalable software and continuously improving engineering skills.

CORE TECHNOLOGIES

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3, SQL

Frontend: React, Tailwind CSS, Vite, Responsive Web Design

Backend: Node.js, Express.js, REST API Development, JWT Authentication, Swagger UI

Database: PostgreSQL, Prisma ORM, Neon, MongoDB, Mongoose

Testing: React Testing Library, Unit Testing, Integration Testing, Component Testing, API Testing (Postman)

Tools: Git, GitHub, Postman, npm, pnpm, Firebase, Render, Vercel, VS Code

SOFTWARE ENGINEERING PROJECTS

INK — Real-Time Collaborative Whiteboard

React • TypeScript • Node.js • Express • PostgreSQL • Prisma • Socket.IO

- Developed backend services using Express.js, Prisma ORM, and PostgreSQL to support authentication and collaborative workspaces.
- Engineered real-time collaboration features with Socket.IO to synchronize drawing events between connected users.

Refilia — On-Demand Cooking Gas Platform (Team Project)

React • JavaScript • Tailwind CSS

- Built reusable React components that improved consistency and maintainability across the application.
- Integrated frontend functionality with backend REST APIs while following Git-based collaborative workflows.
- Worked closely with teammates to translate product requirements into user-friendly interfaces

MyLab — General Health Support Platform

React • Node.js • Express.js • MongoDB

- Implemented user authentication with JWT and bcrypt password hashing, plus validation and middleware for data integrity, error handling, logging, and CORS.
- Used Postman extensively to test and validate API endpoints.

SOFTWARE ENGINEERING TRAINING

IT Skill Center / Tech Academy — (Software Engineering Trainee)

Feb 2025 – Nov 2025

EDUCATION

Bachelor of Engineering (B.Eng.) — Computer Engineering (In Progress)
